1. Bulletin Board & Language Selection

The screenshot shows the 'Bulletin Board' section of the CLEO website. At the top, there are navigation tabs for 'Bulletin Board', 'Search', and 'Feedback', along with a user login status: 'Help | Logged in as: tom.cruise@esipro.com | Log out'. Below this is a 'List overview' table with columns for Country, Region, Topic, List, Version, and Publish date. A language selection dropdown is visible on the right, currently set to 'English' and showing options for English, Deutsch, Nederlands, Français, and Español.

Country	Region	Topic	List	Version	Publish date
Austria	Europe	Exposure Limits (OEL, BAT, etc.)	Limit values regulation - Annex II: TRK-list (TRK values)	29-Jun-2006	02-Mar-2007
Belgium	Europe	Exposure Limits (OEL, BAT, etc.)	Occupational exposure limit values	07-Dec-2006	02-Mar-2007

2. Search

Goal: To find chemical data by searching all substances in the database.

Selection: You can create a search based on a single or multiple criteria:

Identifier, chemical name or part of a name or regulatory list

By clicking the **+** sign you can search for multiple identifiers or names, and combine them by **and/or**.

Search Now starts the query

View selected chemicals opens a new window with all the data you are subscribed to.

The screenshot shows the search interface. It includes a 'Search Criteria' section with fields for Identifier (CAS), Name (Criterion), and List (Region, Country, Topic, List). There are buttons for 'Search now' and 'Clear Fields'. Below the search criteria, it shows 'Number of Results: 34' and buttons for 'View selected chemicals' and 'Print search results'. At the bottom, there is a table of search results with columns for Name, Language, and CAS Last update date.

Name /	Language	CAS Last update date
<input type="checkbox"/> 1,2-dichloro-1,1,2,2-tetramethyldisilane	EN	4342-61-4 31-Oct-2006
<input type="checkbox"/> 1,5-Dioxa-9-azaspiro[5.5]undecane, 3,3,8,8,10,10-hexamethyl-9-[1-[4-(oxiranylmethoxy)phenyl]ethoxy]-	EN	434898-80-3 31-Oct-2006

Did you know ... ?

- You can sort alphabetically in your list overview by clicking the field header.
- Recently changed lists are marked as "new" in the bulletin board. You can sort on publication date to show the most recently updated lists on top.
- It is possible to search on specific list-identifiers, such as UN number for transport. Select your list of choice and the identifier appears.
- You can filter within your query results by entering text in the filter bar (G) and clicking enter. The character % operates as wild card.
- To create more space, you can minimize sections by clicking the symbol .
- **Print search results** gives you a printer friendly view and allows you to choose a printer
